Personalisation

Print & Doming

A logo leaves the best impression when printed in full colour. Thanks to our digital printing technique we can print a logo in any colour, without charging extra. Each print is covered with a scratchproof acrylic layer (doming). This doming makes the print stand out even more and keeps it perfectly visible even when used frequently.

Direct Print

This digital direct printing technique enables us to print razor-sharp, full colour images directly onto our products, creating infinite opportunities for the personalisation of our current product range as well as items yet to be added.

Laser Engraving

There are many reasons to choose personalisation by laser engraving. It is a stylish way of adding a logo or text to a product, the engravings are indelible and it is the most economical personalisation technique. Our precise laser engraving equipment always creates perfect reproductions of a logo or text.

DeoChrome®

DeoChrome® is a unique engraving technique which will give a metallic look to the engraving. The result is a beautiful reflective logo, website or any other personalisation.

Slide

Housing:	Metal with black plastic
Size:	42 x 19 x 9 mm
Print surface:	31 x 12,7 mm
Capacity:	2GB - 4GB - 8GB - 16GB - 32GB - 64GB
Maximum speed:	Reading $\pm$ 30 MB/s, writing $\pm$ 10 MB/s
Weight:	12 grams
Packaging:	Classic, Frame, Velvet
Accessories:	Key ring, lanyard, phone string

Print & Doping

Solid Twist

Housing	Metal
Size	34 x 13 x 5 mm
Print surface	32,5 x 11,9 mm
Capacity	2GB - 4GB - 8GB - 16GB - 32GB - 64GB
Maximum speed	Reading $\pm$ 30 MB/s, writing $\pm$ 10 MB/s
Weight	8 grams
Packaging	Classic, Frame, Velvet
Accessories	Key ring, phone string

Laser Engraving Print & Doping

Original

Housing:	Anodised aluminum
Size:	55 x 17,4 x 6 mm
